Introduction

Shenzhen Healthy Filters Co.,Ltd established in 2016, located in Shenzhen City, China. Also known as an integrated enterprise specialized in manufacturing, researching and marketing all kinds of air filter media. We have a group of high level professional staff and advanced equipment, which provides us with competitive costs and fast delivery time.

MAIN PRODUCTS

Carbon filter non-woven fabric

Pocket filter materials

HEPA filter Media

Synthetic PP+PET filter media

HEPA air filters

Melt-blown fabric

Humidifier filter media

Products- Industrial Filter Media

1 Prefilter material

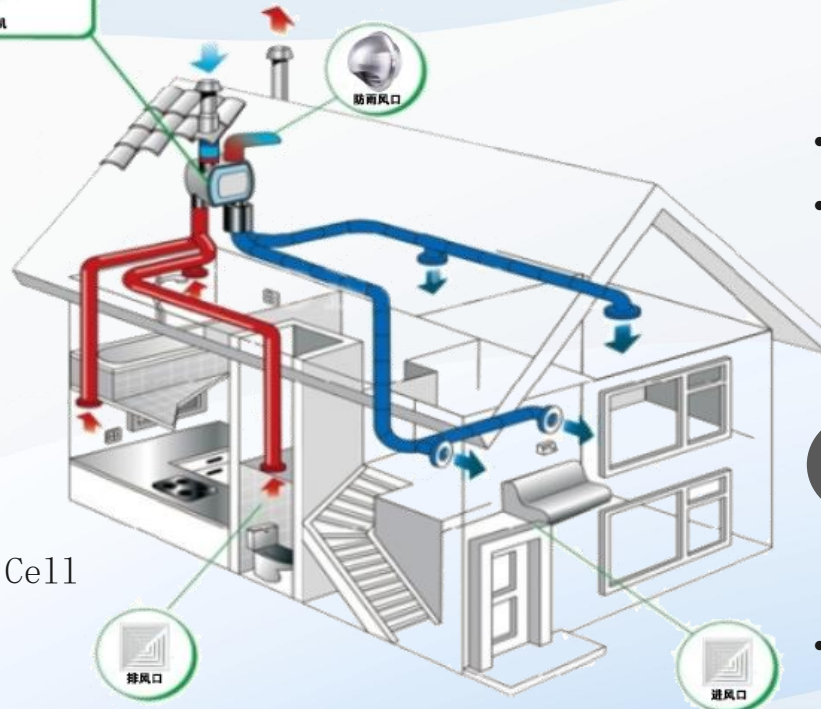

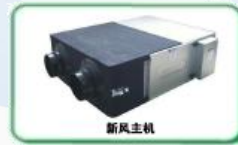

Needle punch cotton, hot air cotton, ceiling cotton, floor filter

- Enviromental friendly
- Low resistance, high dust holding capacity, washable
- Flame resistance

2 HEPA filter

HEPA Filter、Filter with clapboard、V Cell Filter

- Non-toxic, odorless
- Good seal
- Low resistance, high efficiency

3 Air filter paper

PP filter paper、glassfiber paper、compound paper

- Non-toxic、odorless、white and light
- Strong anti-friction, big outlet area, high efficiency and light weight

4 Pocket filter media

- Strong capacity of absorbing odor, powder, organic substance, and harmful gas.

Products- Home Appliance Filter Media

1 Air purifier filter

HEPA Filter、Photocatalyst filter、Cold catalyst filter

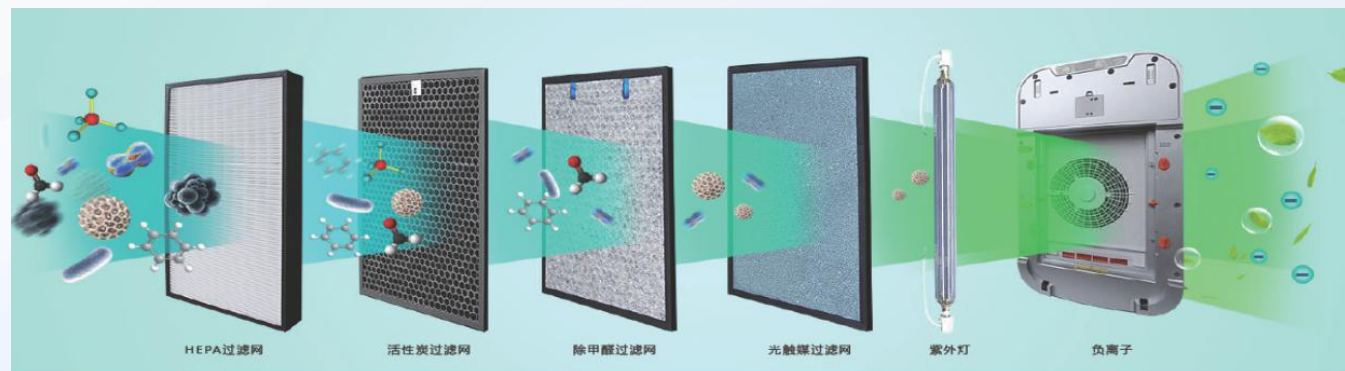

- Lower resistance、high dust hold capacity、can be made into different size

2 Vacuum Cleaner Filter

- High resistance and low resistance

3 Auto Air Conditional Filter

- High resistance and low resistance

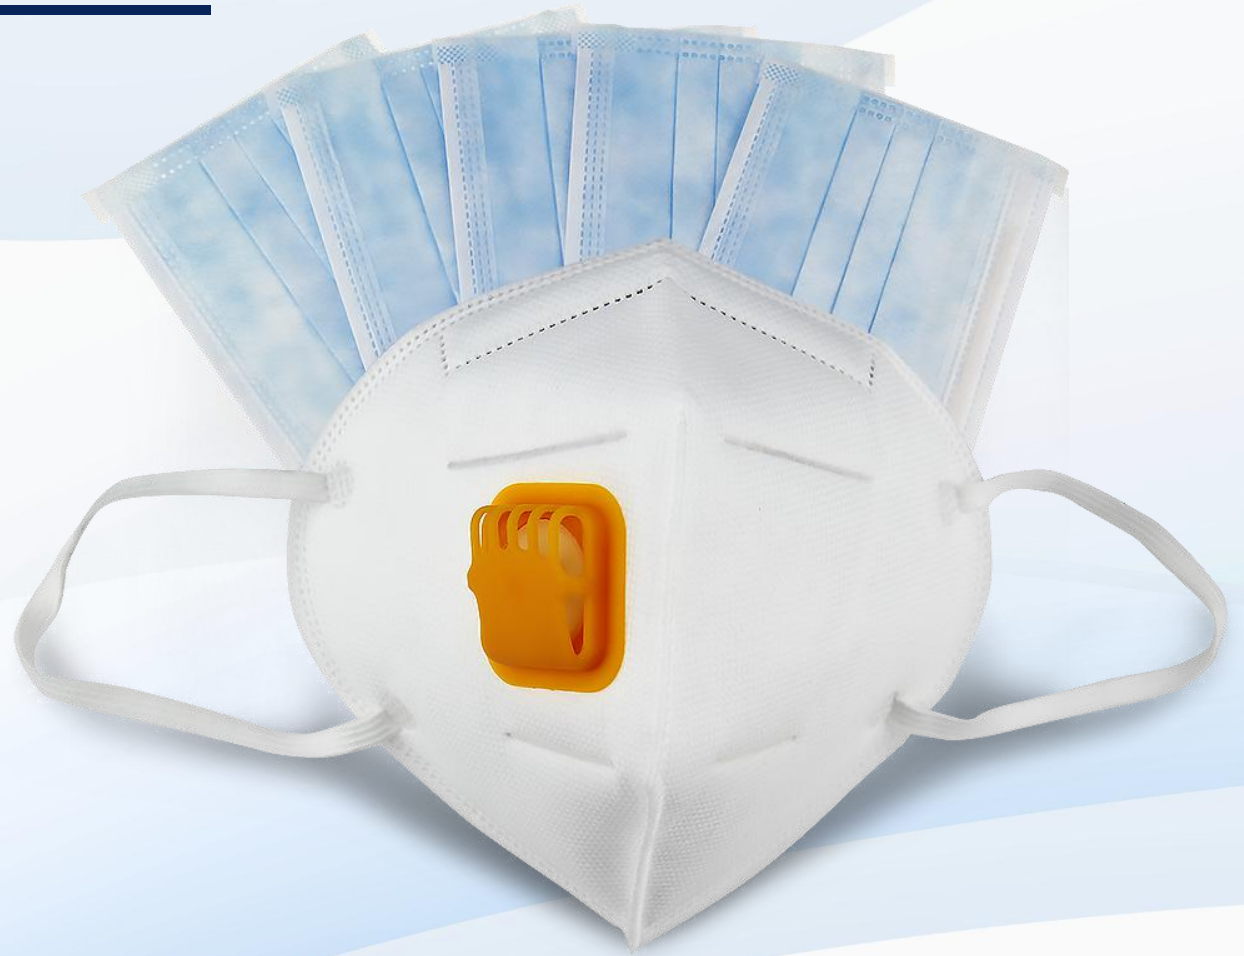

Products- Face Mask

1 Surgical Facemask

CE certificated
3 Ply

2 KN95 facemask

- CE, FDA CERTIFICATED
- Thin fiber、high efficiency、low resistance、anti-corrosion.

Pocket filter media

Pocket Filter Material

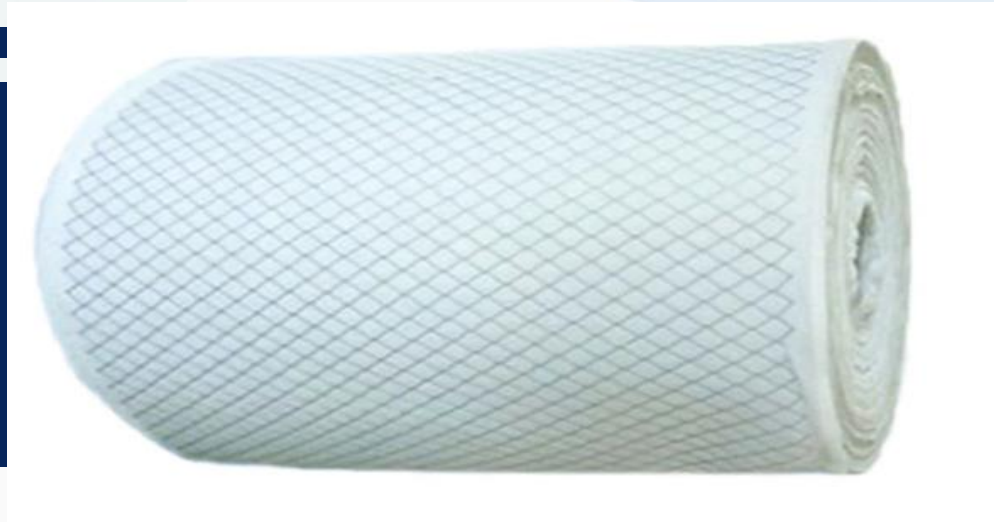

- Nontoxic, odorless, white and light
- Even distribution, high strength, low resistance
- Anti-acid-base, anti-corrosion, high melting point.
